

PORTFOLIO

ARDA REI GROUP

Prishtinë, September 2020

© ARDA REI Group

The background of the page is a detailed topographic map with contour lines, rendered in a light gray color. The map shows various elevations and geographical features, creating a textured, layered effect. The text is overlaid on this background.

ARDA REI Group

Architectural Practice and other services

The Company ARDA REI is a privately owned company founded in 1989 by Company President Mr. Afrim Ethem. ARDA REI consists of several specialized enterprises in the field of architecture, engineering, trade and services. The composing enterprises of the company are: ARDA, REI, DITA, RRONI and ARCX.

The architectural practice and the work experience in various fields makes our company specialized and with expertise in many fields of design and construction. The projects realized since the establishment of the company until today belong to numerous categories such as: Residential buildings, Educational buildings, Administrative buildings, Industrial buildings, Urban planning, Road infrastructure, Electrical engineering, Reconstruction of historical monuments, Crafts workshops, etc.
